Syllabus

Preface

The **B. Voc (Honours) in Fashion Technology and Merchandising** is an intensive, forward-thinking four-year undergraduate degree programme designed to prepare students for successful and meaningful careers in the ever-evolving global fashion industry. With the fashion landscape constantly being reshaped by cultural shifts, technological innovation, and sustainability imperatives, this programme equips learners with the creative, technical, and managerial skills needed to thrive in both traditional and emerging sectors of the industry.

Over the course of **eight semesters**, students are exposed to a rich and diverse curriculum that balances **artistic exploration** with **practical application**. The programme blends core concepts of fashion design and apparel construction with essential knowledge of textile science, fashion marketing, surface embellishment, pattern-making, computer-aided design (CAD), and global merchandising practices. From understanding the cultural legacy of traditional Indian textiles to mastering modern industry tools and sustainable practices, students build a multi-dimensional perspective that is rooted in both heritage and innovation.

A key strength of the programme lies in its **experiential learning approach**. Regular opportunities for **fieldwork**, such as craft cluster studies, industrial visits, and internships with export houses, design boutiques, and fashion brands, provide students with firsthand exposure to real-world industry environments. These experiences not only strengthen their technical competence but also enhance soft skills such as communication, teamwork, and business acumen—crucial for success in fashion’s fast-paced and collaborative settings.

The curriculum also places a strong emphasis on **sustainability and responsible design**, encouraging students to engage with eco-conscious practices like recycling, upcycling, and ethical sourcing. These themes are integrated into multiple courses and projects, reflecting the global shift toward more sustainable and inclusive fashion systems.

The programme is ideal for **aspiring fashion designers, textile technologists, stylists, merchandisers, entrepreneurs**, and others who wish to explore the intersection of fashion, culture, and commerce. Through a balanced fusion of theory, practice, and research, students emerge with a comprehensive understanding of fashion not just as a product, but as a powerful medium of **expression, innovation, and social impact**.

Graduates of the **B. Voc (Honours) Fashion Technology and Merchandising** programme are well-prepared to pursue diverse roles across the fashion value chain, including design studios, retail and e-commerce brands, manufacturing units, export houses, and their own entrepreneurial ventures. Whether shaping the future of fashion through design, strategy, or sustainability, they are empowered to contribute meaningfully to a global industry that values both creativity and conscience.

Expert Committee & External Experts

1. EXPERT COMMITTEE FOR CORE INDUSTRIAL AND INFRASTRUCTURE SKILLS (6)

1	Dr. Sreeja R (Convenor)	Associate Professor of Physics	Maharaja's College Ernakulam
2	Dr. Liaji Joseph	Assistant Professor of Chemistry	TMJM Government College, Manimalakunnu
3	Dr. Jeena Maria Mathews	Assistant Professor of Physics	Newman College, Thodupuzha
4	Dr. Arun Vinod	Assistant Professor of Physics	Mar Thoma College, Thiruvalla
5	Sruthi Soman	B.Voc Nodal Officer	Sree Sankara College, Kalady
6	Minitha Susan Joseph	B.Voc Nodal Officer	St. Albert's College, Ernakulam

2. EXPERT COMMITTEE FOR EMERGING TECHNOLOGY AND DIGITAL PROFICIENCY (14)

1	Dr. Leena C. Sekhar (Convener)	Associate Professor of Computer Applications & HOD	MES College, Nedumkandam
2	Dr. Shereena V.B.	Associate Professor of Computer Science	MES College, Nedumkandam
3	Dr. Antu Annam Thomas	Assistant Professor of Computer Applications & HOD	Mar Thoma College, Thiruvalla
4	Dr. Jina Varghese	Assistant Professor of Computer Applications	Baselios Paulose II Catholicose College, Piravom
5	Meera Nair	Assistant Professor of Computer Applications	NSS College, Rajakumari
6	Soumya M V	Assistant Professor of Computer Science	SAS SNDP Yogam College, Konni
7	Resmi Cherian	B.Voc Nodal Officer	CMS College, Kottayam
8	Christina Merin Babu	Assistant Professor (B.Voc)	Mar Athanasius College, Kothamangalam

9	Amruthavarshini R	Assistant Professor (B.Voc)	St. Xaviers College for Women, Aluva
10	Raji S. Pillai	B.Voc Nodal Officer	St. Theresa's College, Ernakulam
11	Spasiba Raveendran	Assistant Professor of Computer Science	SAS SNDP Yogam College, Konni
12	Syam S.	Assistant Professor of Computer Applications	Sree Narayana Arts & Science College, Kumarakom, Kottayam
13	Dr. Abahayadev M.	Assistant Professor of Computer Science	MES College, Nedumkandam
14	Shanavas C.T.	Assistant Professor of Computer Science	MES College, Marampilly

3. EXPERT COMMITTEE FOR SERVICE EXCELLENCE AND HOSPITALITY (15)

1	Rekha K. Nair (Convener)	Associate Professor of Business Administration	NSS College, Rajakumari, Idukki
2	Praveen Thariyan	Associate Professor of Physical Education	St. Dominic's College, Kanjirappally
3	Dr. Bindu M	Associate Professor of Physical Education & HoD	UC College, Aluva
4	Aneetta Elizabeth Manuel	Assistant Professor (B.Voc)	Henry Baker College, Melukavu
5	Dinu Dennis	Assistant Professor (B.Voc)	St. Paul's College, Kalamassery
6	Anish Thanikkal	B.Voc Nodal Officer	SSV College, Valayanchirangara
7	Ani Ealias	B.Voc Nodal Officer	Mar Thoma College for Women, Perumbavoor
8	Devika S	Assistant Professor (B.Voc)	St. Xaviers College for Women, Aluva
9	Remya P M	B.Voc Nodal Officer	Alphonsa College, Pala
10	Soumya T K	B.Voc Nodal Officer	Nirmala College, Muvattupuzha
11	Surya N S	Assistant Professor of Tourism Studies	Sree Narayana Arts & Science College, Kumarakom, Kottayam

12	Binuraj C R	Assistant Professor of Business Administration	SAS SNDP Yogam College, Konni
13	Dr. John K Babu	Assistant Professor of Business Administration	Baselius College, Kottayam
14	Shreekanth S K	Assistant Professor of Physical Education	Maharaja's College, Ernakulam
15	Hardin Rixon	B.Voc Nodal Officer	St. Paul's College, Kalamassery

4. EXPERT COMMITTEE FOR CREATIVE KNOWLEDGE BASED CAREERS (15)

1	Dr. Seethal S Nair (Convener)	Assistant Professor of English	NSS Hindu College, Changanacherry
2	Dr. Shynu Abraham	Assistant Professor of Malayalam	Catholicate College, Pathanamthitta
3	Dr. Divya S Nair	Assistant Professor of English	NSS Hindu College, Changanacherry
4	Shreeja Narayanan	Assistant Professor of English	Sree Sankara College, Kalady
5	Archana Sankar	Assistant Professor (B.Voc)	St. Paul's College, Kalamassery
6	Nandu R	B.Voc Nodal Officer	Al Ameen College, Edathala, Aluva
7	Annie Linda Hari	Assistant Professor (B.Voc)	Mar Thoma College for Women, Perumbavoor
8	Saru Tresa Sunny	Assistant Professor (B.Voc)	Alphonsa College, Pala
9	Manu V. G	B.Voc Nodal Officer	Pavanatma College, Murickassery
10	Zeba Nazar	Assistant Professor (B.Voc)	St. Theresa's College, Ernakulam
11	Bibu V V	Assistant Professor of Journalism	St. Xavier's College, Vaikom
12	Dr. Lekha Sreenivas	Associate Professor of Fashion Designing	St. Theresa's College, Ernakulam
13	Dr. Vinitha Paulose	Assistant Professor of Fashion Designing	St. Theresa's College, Ernakulam

14	Elena Sajan	Assistant Professor of English	St.Thomas College, Ranni
15	Dr. Renjini Radhakrishnan	Assistant Professor of Physics	K E College, Mannanam

5. EXPERT COMMITTEE FOR AGRICULTURE AND SUSTAINABILITY(10)

1	Dr. Jolly V.Antony (Convener)	Professor of Chemistry	Maharaja's College, Ernakulam
2	Dr. N. Suja	Assistant Professor of Aquaculture	St.Aloysius College, Edathua
3	Dr. Pratheesh Mathew	Assistant Professor of Zoology	St. Thomas College, Palai, Arunapuram P.O.
4	Dr. Sreejaya R.	Assistant Professor of Zoology	St. Thomas College, Ranni
5	Renu Mathew	B.Voc Nodal Officer	St. Dominic's College, Kanjirappally
6	Shony G Kizhakkethottam	B.Voc Nodal Officer	St. George's College, Aruvithura
7	Sherin Mary Simon	Assistant Professor (B.Voc)	St. Theresa's College, Ernakulam
8	Deena Paul	Assistant Professor of Chemistry	St.Joseph's College, Moolamattam
9	Dr. Ajalesh B. Nair	Assistant Professor of Chemistry	UC College, Aluva
10	Dr. Deepthi A.S.	Associate Professor of Botany	Catholicate College, Pathanamthitta

6. EXPERT COMMITTEE FOR ACCOUNTING AND BANKING (12)

1	Aelyamma P.J (Convener)	Associate Professor of Commerce	Maharaja's College, Ernakulam
---	-------------------------	---------------------------------	-------------------------------

2	Vinija Abraham	Associate Professor of Commerce	Government College, Kattappana
3	Jeethy Sukumaran	Assistant Professor of Commerce	BPC College,Piravom
4	Sajan N.Thomas	Assistant Professor of Commerce	Marian College, Kuttikkanam
5	Ancy Sam	Assistant Professor of Commerce	Catholicate College, Pathanamthitta
6	Sindhu V	Assistant Professor of Commerce	SVRNSS College,Vazhoor
7	Sajin Paul	Assistant Professor of Commerce	M A College, Kothamangalam
8	Aleena Varghese	Assistant Professor (B.Voc)	St.Paul's College, Kalamassery
9	JiniRose P J	Assistant Professor (B.Voc)	St.Xavier's College for Women, Aluva
10	Soumya Alias	B.Voc Nodal Officer	Morning Star Home Science College, Angamaly
11	Cyndrella V S	Assistant Professor (B.Voc)	Pavanatma College, Murickassery
12	Miranda Paul	Assistant Professor (B.Voc)	Mar Athanasius Autonomous College, Kothamangalam

Programme		B. VOC (HONOURS) FASHION TECHNOLOGY AND MERCHANDISING				
Course Name		ELEMENTS OF DESIGN				
Type of Course		SDC				
Course Code		MG1SDCFTM102				
Course Level		100				
Course Summary		This course introduces students to the foundational concepts of design and colour theory relevant to fashion and textile design. It familiarizes learners with structural and decorative design types, motif classifications and placements, the elements and principles of design, and core colour theories and systems. Students will explore how these design components influence visual communication in fashion and apply these principles in creative compositions.

COURSE OUTCOMES (CO)

CO No.	Expected Course Outcome	Learning Domains	PO No
1	Recall and define key design concepts including structural and decorative types, motif classifications, and colour systems such as the Prang and Bauhaus theories.	K	1, 10
2	Explain the placement techniques of motifs (e.g., all-over, half-drop, border) and describe how design elements and principles contribute to balanced visual compositions.	U	1, 2, 3
3	Apply elements and principles of design (line, colour, texture, harmony, etc.) in layout planning and composition in fashion-oriented design work.	A	2, 4, 10
4	1. Use knowledge of colour theory, colour dimensions, and harmonies to develop visually appealing and meaningful colour schemes for design projects.	A	1, 2, 3, 10

Faculty/ Discipline	FACULTY OF SCIENCE
Programme	B. VOC (HONOURS) FASHION TECHNOLOGY AND MERCHANDISING
Course Name	OJT
Type of Course	SDC
Course Code	MG1SDCFM103
Course Level	100
Course Summary	This course introduces students to the world of home and space product design by combining market exploration with creative development. Students will investigate product types, trends, and pricing in the home décor sector and apply their findings to design and produce embellished home and space products. Emphasis is placed on material understanding, aesthetic sensibility, and design execution.

Semester	1	Credits		2	Total Hours
Course Details	Learning Approach	Lecture	Practical	OJT

CO 4	0	0	0	2	1	0	0	0	0	3

COURSE CONTENT

After the completion of the first semester, students will undergo an internship programme in the area of home and space product design and retail. This internship is intended to provide real-world exposure to product categories, market trends, pricing structures, and creative processes in the home décor sector.

As part of the training, students will be required to visit a minimum of five different home and space retail stores—physical or online—to gather insights on various types of products, their price ranges, materials used, and current trends. These visits will help students observe and analyze the market from a consumer and designer perspective.

Following this market exploration, students will design and create a unique home or space product using surface embellishment techniques such as embroidery, appliqué, or printing. This hands-on component will allow them to apply their learning in a creative and practical format.

Internship Guidelines:

Students can choose home and space retail units, design studios, or craft-based enterprises for their internship. The college will issue a certificate confirming the student's identity. A faculty member will be assigned to supervise and monitor the student during the internship period.

Criteria for Selecting the Host Organization:

- Should have a minimum of two years of experience in home décor product design, production, or retail.
- Should be engaged in product development, material sourcing, or surface embellishment related to home and space products.

Post-Internship Submission Requirements:

- A comprehensive report detailing:
 1. Store visit documentation
 2. Product type analysis
 3. Price range and market trend observations
 4. Concept development and production process of the home/space product
- A specimen of the completed product.
- Attestation of the report and product by the internship organization.
- A Certificate of Internship from the hosting organization.
- All documents must be submitted to the Head of the Department within the prescribed time.

Faculty/ Discipline	FACULTY OF SCIENCE				
Programme	B. VOC (HONOURS) FASHION TECHNOLOGY AND MERCHANDISING				
Course Name	OJT				
Type of Course	SDC				
Course Code	MG2SDCFTM103				
Course Level	100				
Course Summary	This on-the-job training is designed to immerse students in the traditional handloom practices of Kerala by exploring any crafts. The training will enhance students' understanding of indigenous textile heritage through direct field experience, artisan interaction, and craft documentation.				
Semester	2	Credits		2	Total Hours
Course Details	Learning Approach	Lecture	Practical	OJT	
		0	0	2	5 hours/week
Pre-requisites if any	NIL				

COURSE OUTCOMES (CO)

CO No.	Expected Course Outcome	Learning Domains	PO No
1	Identify the historical, cultural, and geographical significance of selected Indian crafts and the importance of GI tagging.	K	1,2,3,6,7
2	Interpret the evolution of design, tools, raw materials, and community dynamics involved in craft production.	U	1,2,3,4,6,7
3	Observe, record, and document the complete process of craft making through field visits and artisan interaction.	A	1,2,3,4,5,6,7
4	Develop a creative coffee table book showcasing the collected data, visuals, and insights into the chosen craft.	A	1,2,3,4,5,6,7

CO-PO ARTICULATION MATRIX

CO/PO	PO 1	PO 2	PO 3	PO 4	PO 5	PO 6	PO 7	PO 8	PO 9	PO 10

CO 3	2	2	1	1	1	1	1	0	0	0
CO 4	1	2	1	1	1	2	2	0	0	0

COURSE CONTENT

Visit weaver clusters of any craft clusters engaged in craft production.

Study the history, evolution, and identity of the craft, including the significance of the GI (Geographical Indication) tag.

Document the step-by-step process

Observe and record information on tools, raw materials, techniques, and finishing methods.

Identify and analyse the product range

Interact with artisans to understand community structures, generational skills, and socio-economic roles.

Internship Guidelines:

- Students must intern with handloom societies, cooperative units, or registered artisan enterprises
- The institution will issue an identity and internship authorization letter.

- A faculty mentor will be assigned to guide and track the student's progress during the internship.

Criteria for Host Organization:

- Should be actively engaged in craft production for a minimum of three years.
- Should allow access to workshops, artisans, and production processes for documentation purposes.

Post-Internship Assignment:

Each student must design and compile a coffee table book that serves as a creative documentation of the craft. The book should include:

- Historical and cultural background of Craft
- Photographic and written documentation of the production process
- Artisan interviews and profiles
- Visual representation of design evolution and motifs
- Reflections on the craft's relevance in contemporary fashion

Post-Internship Submission Requirements:

1. A comprehensive internship report including:
 - Craft and cultural background
 - Craftsmanship process (step-by-step documentation)
 - Community and market insights
2. A designed coffee table book (printed or digital)
3. Photographs and sketches collected during fieldwork
4. Certificate of Completion from the host organization
5. Faculty mentor review and attestation
6. All materials must be submitted to the Head of the Department within the prescribed deadline

COURSE CONTENT

As part of the curriculum requirement, students are expected to undertake a 2-week internship with a fashion brand or boutique of their choice. The objective of this internship is to provide hands-on industry exposure, enhance practical understanding of design, production, retail or brand communication, and help bridge classroom learning with real-world practices.

Guidelines:

- **Student Responsibility:**
The student must independently identify and secure an internship opportunity with a recognized brand or boutique.
- **College Support:**
Upon confirmation of the internship, the college will issue an official internship request letter or certificate to validate the student's identity to the organization.
- **Supervision:**
A designated faculty member will supervise the student throughout the internship, conduct follow-ups, and provide academic guidance.
- **Internship Deliverables:**
At the end of the internship, the student must submit the following:
 1. Internship Completion Certificate issued by the brand/boutique.
 2. A detailed Internship Report including:
 - Introduction of the organization
 - Description of tasks and responsibilities
 - Learnings and experiences
 - Images (get permission from the organization)

- Summary and reflection
- PPT Presentation

● Submission & Evaluation:

- The report must be submitted to the Head of the Department (HOD) on the prescribed submission date.
- The report will be evaluated by both internal and external examiners appointed by the university.
- Delayed or incomplete submissions will be treated as per university examination regulations.

	MAHATMA GANDHI UNIVERSITY Kottayam
Faculty/ Discipline	FACULTY OF SCIENCE
Programme	B. VOC (HONOURS) FASHION TECHNOLOGY AND MERCHANDISING
Course Name	APPAREL DRAPING
Type of Course	SDC
Course Code	MG4SDCFTM201
Course Level	200
Course Summary	This course introduces students to the art and technique of draping fabric on a dress form to create garment designs. It develops foundational knowledge, practical skills, and creative exploration through structured lessons in bodice, skirt, and advanced draping. The course culminates in the construction of a finished garment, integrating form, fit, and fashion aesthetics.

Semester	4	Credits		4	Total Hours
Course Details	Learning Approach	Lecture	Practical	OJT	
		3	1	0	75
Pre-requisites if any	NIL				

COURSE OUTCOMES (CO)

CO No.	Expected Course Outcome	Learning Domains	PO No
1	Recognize and explain the tools, terms, and foundational techniques used in basic draping processes.	K	1,2,4
2	Demonstrate basic and intermediate draping techniques for bodices and skirts with dart and silhouette variations.	A	1,2,3,4,5,8
3	Interpret garment designs and creatively translate them into 3D draped forms using techniques like pleating, cowls, surplice fronts, and yokes.	A	1,2,3,4,5,6,7,8,9
4	Design, plan, and construct a complete, wearable garment using original draping techniques and finishing skills.	C	1,2,3,4,5,6,7,8,9

Faculty/ Discipline	FACULTY OF SCIENCE
Programme	B. VOC (HONOURS) FASHION TECHNOLOGY AND MERCHANDISING
Course Name	EXPORT HOUSE - INTERNSHIP
Type of Course	SDC
Course Code	MG4INTFTM200
Course Level	200
Course Summary	This internship-based course offers hands-on exposure to the operational and documentation aspects of export business. Students will observe and assist in real-time processes such as order processing, preparation of shipping and customs documents, bank documentation, and compliance with international trade regulations. The course helps students bridge theoretical

	knowledge with practical experience, enhancing their readiness for roles in export houses, buying agencies, and logistics firms.

Pre-requisites if any	NIL				

COURSE CONTENT

After the successful completion of the fourth semester, students are required to undergo a minimum of two weeks' internship in an apparel exporting firm. The primary objective of this internship is to help students gain practical insight into the various steps, procedures, and techniques involved in the apparel export industry.

Key Guidelines:

- **Organization Criteria:**
Students must select an apparel export firm that has a minimum of two years' experience in the export sector.
- **College Support:**
The college will issue an identity certificate to confirm the student's enrollment and purpose of internship.
- **Supervision:**
A faculty member will be assigned to supervise the student during the internship period and ensure proper follow-up and guidance.

Documentation & Submission:

Upon completion of the internship, the student must:

1. Prepare a comprehensive report detailing the work undertaken, processes observed, and learning outcomes.
 2. Include specimens/samples of work (where applicable), attested by the organization.
 3. Submit an official internship certificate from the host organization.
 4. Present all of the above documents to the Head of the Department on or before the scheduled submission date.
- **Evaluation:**
The final report will be assessed by both internal and external examiners appointed by the university.

- Important Note:
Any delayed or incomplete submissions will be handled according to the University's examination and academic regulations.
-

---	--

Faculty/ Discipline	FACULTY OF SCIENCE
Programme	B. VOC (HONOURS) FASHION TECHNOLOGY AND MERCHANDISING

Course Name	EXPORT PROCEDURES AND DOCUMENTATION			
Type of Course	SDE			
Course Code	MG5SDEFTM301			
Course Level	300			
Course Summary	This course introduces students to the operational structure and core functions of manufacturer export houses and buying houses. It provides insights into export procedures, quality control, sampling, and documentation essential for global trade in textiles and garments. The course equips students with knowledge of labelling, packaging, international standards, and eco-conscious practices in apparel exports.

Faculty/ Discipline	FACULTY OF SCIENCE				
Programme	B. VOC (HONOURS) FASHION TECHNOLOGY AND MERCHANDISING				
Course Name	THEMATIC LINE DEVELOPMENT AND PORTFOLIO CURATION				
Type of Course	SDC				
Course Code	MG6SDCFM300				
Course Level	300				
Course Summary	This course introduces students to the creative and professional process of developing a thematic fashion line from concept to final presentation. It emphasizes research-based design thinking, garment realization, and the curation of a professional design portfolio. Students will explore inspirations, analyze trends, design cohesive collections, and build portfolios for academic and professional opportunities.

Faculty/ Discipline	FACULTY OF SCIENCE			
Programme	B. VOC (HONOURS) FASHION TECHNOLOGY AND MERCHANDISING			
Course Name	SUSTAINABLE FASHION (UPCYCLING PROJECT)			
Type of Course	VAC			
Course Code	MG6VACFTM300			
Course Level	300			
Course Summary	This course introduces students to the fundamental principles and practices of sustainable fashion with a focus on upcycling techniques. It encourages eco-conscious design thinking and equips students with hands-on skills to repurpose materials into meaningful fashion pieces. Through practical experimentation and creative exploration, students learn to address environmental concerns through innovative fashion solutions.			
Semester	6	Credits		Total Hours

Faculty/ Discipline	FACULTY OF SCIENCE

Programme	B. VOC (HONOURS) FASHION TECHNOLOGY AND MERCHANDISING			
Course Name	DESIGN COLLECTION			
Type of Course	SDC			
Course Code	MG6SDCFTM300			
Course Level	300			
Course Summary	This course is a continuation of <i>Thematic Line Development and Portfolio Curation</i> and guides students through the complete process of transforming design concepts and illustrations into a cohesive, finished fashion collection. Building on previously developed themes and design sketches, students will bring their ideas to life through fabric selection, pattern making, garment construction, embellishment, and final presentation.			
Semester	6	Credits		Total Hours
Course Details	Learning Approach	Lecture	Practical	
		0	4	8 hours/ week
Pre-requisites if any	NIL			

MGU-B.VOC. (HONOURS)

COURSE CONTENT

1. Design Finalization & Material Sourcing

- **Review & Refine:** Evaluate final garment illustrations from the Thematic Line Development for design coherence and feasibility.
- **Technical Detailing:** Define trims, surface techniques, and finalize the color palette.
- **Material Sourcing:** Procure appropriate fabrics, trims, and embellishments suited to the design aesthetics and function.
- **Production Planning:** Create final specification sheets outlining measurements, components, and process flow for each look.

2. Pattern Development & Draping

- **Pattern Drafting:** Translate final designs into accurate paper patterns using manual or digital methods.
- **Draping:** Experiment with draping techniques to explore and construct unique silhouettes directly on dress forms.
- **Design Adjustments:** Incorporate necessary design changes during prototyping and document all iterations.

3. Garment Construction & Surface Embellishment

- **Construction:** Apply sewing techniques appropriate to the design's complexity—tailoring, couture, or industrial finishes.
- **Surface Design Execution:** Implement selected surface design methods such as embroidery, dyeing, patchwork, or printing.
- **Finishing Touches:** Execute professional finishes—clean seams, attach linings, install closures, and press garments.
- **Quality Check:** Evaluate garments for construction integrity, fit, and detailing. Prepare for styling.

4. Styling, Shoot & Final Presentation

- **Styling Plan:** Develop styling concepts including accessories, hair, and makeup to complement the collection theme.
- **Photoshoot Execution:** Organize a professional shoot involving model coordination, location scouting, and concept realization.
- **Final Display:** Prepare portfolio presentation with technical documentation, final photographs, and garments for jury/digital showcase.

Students will complete a collection of 5 garments, applying advanced fashion design and production skills. The project culminates in a professionally styled and documented presentation reflecting creative identity and technical competence.

Syllabus

	Mahatma Gandhi University Kottayam
---	--

Faculty/ Discipline	FACULTY OF SCIENCE
Programme	B.VOC (HONOURS) FASHION DESIGN AND MANAGEMENT
Course Name	APPERTENCISHIP
Type of Course	APP
Course Code	MG7APPFDM400
Course Level	400
Course Summary	As an integral component of the B.Voc. Honours degree programme, students are required to complete a structured apprenticeship or work-integrated learning programme in collaboration with relevant industries, organizations, or institutions. This component, spanning a duration of 280 days, carries 28 academic credits and is compulsory in the student's designated skill domain. It is designed to enhance industry preparedness by reinforcing academic knowledge through sustained, domain-relevant practical experience. The apprenticeship offers students the opportunity to engage directly with real-world professional environments, enabling them to apply domain-specific competencies, gain exposure to industry-standard tools and practices, and participate meaningfully in ongoing operations and projects. This extended, immersive experience serves to bridge the gap between theoretical learning and professional expectations, thereby fostering critical skills for career development and employability. To ensure the effectiveness, academic relevance, and accountability of the apprenticeship: • Each student will be assigned an academic mentor from the parent institution and an industry supervisor from the host organization. • Students are required to maintain a weekly activity logbook, which must be regularly reviewed and signed by the industry supervisor. • Monthly progress reports will be submitted to and reviewed by the academic mentor in consultation with the industry supervisor. • Mid-term and final evaluations will be conducted based on a combination of employer feedback, student outputs/deliverables, and academic performance metrics. • The institution will conduct site visits, virtual check-ins, or regular follow-ups to ensure student engagement, address issues promptly, and uphold the quality of the apprenticeship experience.

	This structured apprenticeship is a critical step in preparing students for the dynamic demands of the professional world, ensuring that their academic journey culminates in a well-rounded and industry-aligned skill set.

Programme	B.VOC (HONOURS) FASHION DESIGN AND MANAGEMENT				
Course Name	RESEARCH INTERNSHIP				
Type of Course	RIN				
Course Code	MG8RINFDM400				
Course Level	400				
Course Summary	As an integral requirement of the B.Voc. Honours with Research degree programme, the Research Internship is designed to provide students with hands-on exposure to real-world research practices in their designated skill domain. This component carries 20 academic credits and extends over a duration of 200 days. The internship must be undertaken in collaboration with a research organization, industry, or university department, under the mentorship of a qualified research guide. The primary aim of this internship is to engage students in industry-linked research projects that allow them to apply theoretical knowledge to practical, domain-specific problems. Students are expected to work on meaningful research inquiries, contribute to data collection and analysis, develop critical thinking and problem-solving skills, and enhance their communication and documentation abilities. In addition to the research internship, students must earn 8 credits through Skill Development Courses (SDCs), specifically chosen for their research orientation, thereby reinforcing their academic and practical foundation. This component not only contributes significantly to the academic rigor of the Honours with Research degree but also ensures a seamless transition from classroom learning to workplace research, preparing students for advanced studies or professional roles in their respective domains.
